NOTES:

Trotter Hall became dual purpose in 1999-00, and is now used for staff development and training, as well as classroom.

Other Instructional areas include, for example, Computer Science Labs and Engineering computer labs. Counts for these had not been included prior to 2007-08.

In 2009-10 the PCs in McCabe Library 3rd Floor Lab were replaced with dual boot Macs.

**This is typically based on the fall term; the student number for 2020-21 is based on an unduplicated count for the 2020-21 academic year due to the COVID-19 pandemic.
