

Parent Survey Highlights, 2016

The COFHE Parent Survey was administered to the parents of Swarthmore College students in the spring of 2016. The response rate was 58%. The following highlights report reflects general findings in six distinct areas. **Figure 1** reflects parents' general sense of satisfaction and personal connection with the College. **Figure 2** displays the level of agreement with several statements on the culture and environment at the College. **Figure 3** (on page 2) displays the level of agreement with several statements on the College's goals and areas of focus. **Figure 4** (on page 2) reflects areas about which parents would like to be more informed. **Figure 5** (on page 3) displays the levels of parental concern for the well-being of their children. **Figures 6 and 7** (on page 3) illustrate parental reaction to the process and impacts of financing a Swarthmore education.
